

Guarantee

The official guarantee that the supplier of raw materials has given to Plastivan NV means that there is a 10-year guarantee with regard to UV-resistance for the following colours from the DURASID® product range: RAL 9010 - RAL 9001 - RAL 1015 - RAL 7035. A 5-year guarantee applies for the colours Camel, Anthracite Grey (RAL 7016), Quartz Grey (RAL 7039), Silver, Cedar, Graphite, Olive and Walnut. This guarantee states that the extruded panels will not discolour excessively as a result of ultraviolet light. For more information and terms and conditions, please refer to www.durasid.com

Maintenance

DURASID® sidings are low-maintenance. Sanding, painting or oiling are no longer needed. The closed surface structure means that the panels do not absorb moisture, virtually eliminating algal growth and moss formation. Superficial dirt from dust, exhaust gases, air pollution, etc. can be cleaned using a sponge, soft brush or high-pressure hose (max. 80 bar and with the nozzle at least 50 cm away). The water must be clean or mixed with a mild household detergent. Aggressive substances or solvents must never be used. Grease and oil stains can be removed using a household degreasing agent.

Plastivan NV, whose manufactured products include the DURASID® sidings systems, is a Belgian company with over 50 years of experience in extruded PVC and WPC building products. It has various production sites and sales offices both in Belgium and abroad.

Starter trim	524200	White	5 m	
Ventilation profile	524250	Black	2,5 m	
Joiner profile	524300	90, 91, 92, 93, 94, 95	5 m	
Standard joiner piece (double)	524350	90, 91, 92, 93, 94, 95, 96, 99		
Invisible joiner piece (double)	524351	90, 91, 92, 93, 94, 95, 96, 99		
Standard joiner piece (single)	524360	90, 91, 92, 93, 94, 95, 96, 99		
Invisible joiner piece (single)	524361	90, 91, 92, 93, 94, 95, 96, 99		
Invisible joiner piece (vertical siding)	524362	90, 91, 92, 93, 94, 95, 96, 99		
Two-part internal-external corner	524450	90, 91, 92, 93, 94, 95	5 m	
Two-part lacquered aluminium internal-external corner	524460	91, 92, 93, 94, 95, 96, 99	5 m	
Corner profile	524500	90, 91, 92, 93, 94, 95	5 m	
Lacquered aluminium corner profile	524560	90, 91, 92, 93, 94, 95, 96, 99	5 m	

PROFILE TYPES

Siding 167 mm

Vertical siding 167 mm

Double siding 333 mm

Slat wall siding 250 mm

DURASID[®] is a complete cladding system that can be used for new buildings and renovation : ideal to be used in housing, static park homes and industrial buildings. The core is made out of cellular PVC-U with a coextruded top layer.

The system is an aesthetic alternative to traditional claddings.

The benefits of these external claddings are:

- little maintenance
- easy installation
- very durable
- impact resistant
- insulating function
- available in different finishing and colours
- natural look

Please always check that the use of the Durasid[®] cladding conforms to the prescribed standards and the applicable building and fire regulations.

DURASID[®] URBAN

The Urban façade cladding, with a slightly structured top layer, creates a sleek yet warm look. This collection fits perfectly with a contemporary, architectural style.

- **Siding 167 mm:** This siding can be installed either horizontally or vertically.

COLOUR

	Part no.	Colour	Length
Vertical/horizontal siding 167 mm	524167U	91 (RAL 9001) 92 (RAL 1015) 93 (RAL 7035) 95 (RAL 7016) 96 (RAL 7039)	5 m

	Part no.	Colour	Length	Drawing
Two-part edge trim	524150	91, 92, 93, 95	5m	
Two-part lacquered aluminium edge trim	524160	91, 92, 93, 95, 96	5m	
Starter trim	524200	White	5 m	
Ventilation profile	524250	Black	2,5 m	
Invisible joiner piece (vertical siding)	524362	91, 92, 93, 95, 96		
Two-part internal-external corner	524450	91, 92, 93, 95	5 m	
Two-part lacquered aluminium internal-external corner	524460	91, 92, 93, 95, 96	5 m	
Corner profile	524500	91, 92, 93, 95	5 m	
Lacquered aluminium corner profile	524560	91, 92, 93, 95, 96	5 m	

DURASID[®] ELEGANCE

The result of using a narrow embossing on the cellular boards with a horizontal slat wall siding gives a very elegant cladding system.

- **slat wall siding 250 mm:** a horizontal model with a narrow slat wall structure

COLOUR

	Part no.	Colour	Length
Slat wall siding 250 mm	523250	91 (RAL 9001) 92 (RAL 1015) 93 (RAL 7035) 94 (Camel) 96 (RAL 7039)	5 m

	Part no.	Colour	Length	Drawing
Two-part lacquered aluminium edge trim	524160	91,92,93,94,96	5m	
Starter trim	524200	White	5 m	
Ventilation profile	524250	Black	2,5 m	
Invisible joiner piece	524380	91,92,93,94,96		
Two-part lacquered aluminium internal-external corner	524460	91,92,93,94,96	5 m	
Lacquered aluminium corner profile	524560	91,92,93,94,96	5 m	

DURASID[®] NATURAL

The result of using a specific technology on the narrow embossed surface of the cellular boards gives a cladding system with a very true-to-nature effect.

- **siding 167 mm:** this overlapping model guarantees a natural look of your facade
