Traditional Look, Modern Design

High quality, stylish and versatile, our panels are designed to create the look and feel of natural marble, stone, brick and timber, providing a striking, seamless finish that is an easy to clean alternative to paint, wallpaper and tiles.

The wide range of colours and effects, from natural to more contemporary designs, means there is an option to suit any home.

Safe. Does Not Emit Harmful Substances to the Atmosphere

Quick & Easy Installation

On average it is at least 50% faster and cheaper to install our wall and ceiling panels than it is traditional tiles, and our panels do not require specialist fitting as there is no need for grouting.

If walls are dry, clean and flat, then very little preparation is required before installation. Our panels can even be installed over existing tiles.

Trims and corners are available to compliment the range, completing the look and providing a professional finish.

"Better: easy to clean and low maintenance.

Faster: quick and easy to install.

Cheaper: realistic natural effects on a budget."

Skirting
& Architrave

Skirting and architrave are the icing on the cake when it comes to the look of interior walls. With Guardian's range of profiles, you are sure to find the design to suit your needs.

Skirting

Guardian skirting is free from knots, warps or defects, making it more durable and cost-effective when compared to traditional wooden skirting.

Torus - 140 mm (h) x 13 mm (d)	Ogee - 100 mm (h) x 16 mm (d)	Bullnose - 100 mm (h) x 13 mm (d)

Architrave

Guardian architrave is the ideal decorative surround for doors, matching perfectly with Guardian skirting.

Torus - 55 mm (h) x 19 mm (d)	Ogee - 55 mm (h) x 14 mm (d)	Bullnose - 55 mm (h) x 16 mm (d)

Guardian skirting and architrave profiles comprise extruded rigid styrene with a foil finish that makes them not only lightweight and easy to handle, but also easier to cut and trim. The foil finish provides an easy to clean surface that is resistant to scuffing.

Skirting profiles are 2,920 mm in length.
Architrave profiles are 2,200 mm in length.
